- 100% White-Label
- 100% Partners

# Service Provider Solutions

# The Power of Choice.

## We Make Service Providers Happy

**io**TRAN

We deliver five unique service plans that no one else delivers to MSPs, Carriers, ILECs, CLECs, Broadband Providers, and Cloud Service Providers.

**ioSaaS**  
**ioPLATFORM**

- 1) **ioSaaS-MSP:** Hosted, white label cloud communications platform with UCaaS. Bring your carrier.
- 2) **ioSaaS-VAR:** Alternative to 3CX, FreePBX, and Asterisk Single IP PBX deployments: Bring your carrier.
- 3) **ioSaaS-Plus:** Hosted, white label cloud communications platform with UCaaS. We handle carriers.
- 4) **ioSaaS-Carrier:** Class 5 Softswitch Replacement with UCaaS and SS7/GR-303 Support. SaaS.
- 5) **ioSaaS-Premise:** Class 5 Softswitch Replacement with UCaaS and SS7/GR-303 Support. On-premise.

We provide two simple, but powerful delivery methods to address any organizations need to provide UCaaS, VoIP and collaboration to their customers.

### **ioPLATFORM**

This software is a complete Cloud Communications Platform with UCaaS desktop and mobile applications. Typically located in a customers data center.

### **ioSaaS**

This is the same award winning ioPLATFORM software except that it is installed, hosted, and maintained by ioTRAN in our data centers. Typically used by small to medium size service providers.
